I am Front-end Developer with expertises in bringing UI designs to life, as well as junior-level full stack experience. I enjoy building interactive and responsive webpages that solve human problems. With a background in customer service, tech training & support, content writing, and project management, I am well-equipped to add value and build a dynamic career by developing scalable tech solutions that addresses user needs. I am always ready to learn and improve, aiming to become a world-class developer in the tech space.

I can build and maintain websites, implement responsive designs, optimize website performance and collaborate with any Development team to implement new features and fix bugs.

EXPERIENCE

Miatos Solutions, Lagos — *Frontend developer*

2024 - PRESENT

At miatos Solutions I was appointed to lead the frontend of a PWA project which exposed me to lots of experience as a Junior developer.

ProjectSake, Remote — *junior software engineering (intern)*

August 2023 - Nov 2023

ProjectsStake is an online intern training platform that builds the level of confidence a software engineer should have. Also at ProjectsStake I was one of the top Three learners in the month November 2023.

Zuri CDT, Remote — *Frontend developer (intern)*

June 2023 - Sept 2023

Zuri CDT is an online intern training platform located in Lagos that provides various kinds of tasks per week to improve the working experiences of junior level developers. At Zuri I was appointed as a team leader, I was to oversee the activities of my team, I was able to learn how to manage a team, I was able to use version control systems like the GitHub organization.

EDUCATION

CS50, England — *Computer Science (basics) online*

August 2023 - Nov 2023

CS50 (Computer Science 50) is an on-campus and online introductory course on computer science taught at Harvard University and Yale University. In 2016, CS50 became available to high school students as an Advanced Placement Computer Science course. The on-campus version is Harvard's largest class with 800 students, 102 staff, and up to 2,200 participants in their regular class.

Global Wealth University, Lome Togo — *BSc Computer Science*

May 2021 - Current
